

A Dog says,
"You pet me, you feed me,
you shelter me, you love me,
you must be God."

A Cat says,
"You pet me, you feed me,
you shelter me, you love me,
I must be God."

Adventures In Obedience

Begin training your children in godly character at a young age! This simple—yet powerful—curriculum helps you train your children to live for God's glory in the area of obedience. Everyday examples in cartoon form are used such as “taking out the trash” and “playing with someone else's toys” and “doing their chores.”

Along with all of this, you get 102 missionary stories in either written or audio form.

This is an excellent way to help your children learn at an early age that God's glory needs to be first and foremost in their minds. And the Parent's Guidebook makes it so easy to use, it's perfect for first time homeschoolers.

Six Items: Each lesson takes around 15-20 minutes.

The Dog Walk

Debby Sjogren tells her story of how she gave her life to Jesus at the age of 13. This practical curriculum will help your middle school student learn the basics of what it means to walk with God. They will learn:

- How to have a quiet time
- How to study and memorize God's Word
- How to creatively share their faith
- How to serve their family, community and church
- How to have a daily attitude that glorifies God

Debby gives the kids multiple options in each area she teaches so your students can “own” their walk with God!

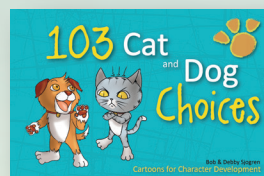

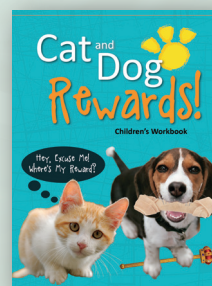

Five Items: Lessons can be done independently and average 30 minutes

Elementary #2: Grades 3-5

Cat and Dog Rewards

What's heaven going to be like? Is it really a place? Will we be floating on clouds, playing harps for all eternity or will we have real bodies? Will we still have our five senses? And will we have jobs? Can we hang out with family and friends? Can we play sports?

And what about rewards? Will I get rewards when I get to heaven? Will everyone get rewards? Will we all get the same rewards? And what's the difference between faith and works?

All of these questions will be answered in a clear way for children to understand.

Five Items: Each lesson takes around 15-20 minutes.

High School Bible Curricula

Year 1 Grades 7-12

Cat and Dog Theology helps students learn that life is not about them; it is about glorifying God.

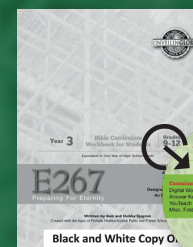

Students are challenged to consider their core motivation: “Do I live for God—or do I expect God to live for me?” These are two different Christianities. Help your student discover a new purpose for living—to make God famous!

Year 2 Grades 8-12

Revealing God's Greatest Glory helps your students see God's desire to reveal His glory among all nations. This year's material will introduce them

to the major world religions. They'll gain a clear understanding about Islam, Hinduism, Buddhism, Tribal groups and those without any religion. They'll also discover God's heart to reach all nations from Genesis to Revelation!

Year 3 Grades 9-12

Living for Eternity (E267) challenges your students to live with an eternal perspective. In this study, students begin

to realize that 99.9999...% of their existence happens after they die, and how they live today can actually change how they exist forever! Your student will also gain a clear biblical understanding of the difference between grace and works.

Year 4 Grades 9-12

Anticipating Heaven gets your students excited about their ultimate destination. They'll also be challenged to

think through: Will there be more people in heaven or more people in hell? The answer will surprise you!
